

Corrected Version to USPS Report on PRC Rate and Service Inquiries for 12/5/2013

We are correcting the data related to number of inquiries, average number of days for responses, and inquiry categories.

The Postal Regulatory Commission referred **59** inquiries to the Postal Service in October. Customers received responses on average within **12** days.

Inquiries covered various topics that fell into three main categories:

- Delivery services (**33**) – i.e., the time of delivery, forwarding, and method of delivery.
- Customer services (**21**) – i.e., hours of service, availability of retail products, and product tracking.
- Policies/procedures (**5**) – i.e., general information, obtaining refunds or exchanging postage, and suggestions.

While many of the inquiries were customer specific, the following topic is highlighted for possible interest to a larger audience.

What is PO Box™ Service?

Access to PO Boxes

- PO Boxes are generally located in the lobby area of the Post Office
- Select Post Offices have extended business hours and/or 24-hour lobby access.
